See fewer reviews Winner: American Education Research Association's prize for best book in the History of Education Division.Â Especially poignant is Adams's description of the ways in which students resisted or accommodated themselves to forced assimilation. Many converted to varying degrees, but others plotted escapes, committed arson, and devised ingenious strategies of passive resistance. Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama, that the response of accommodation was not synonymous with cultural surrender.
