The Long Reconstruction: The Post-Civil War South in History, Film, and Memory brings...Â Historians such as Kenneth Stampp insisted that the Reconstruction governments represented a bold effort to create an integrated society in the wake of slavery. It was the stubborn resistance of whites who refused to accept racial equality and the lack of support for freedmen's rights on the part of the federal government that undermined the efforts to "reconstruct" the South.Â The Prisons Memory Archive holds 23 filmed interviews of women who visited relatives or worked in the Maze and Long Kesh Prison during the Troubles in Northern Ireland. The Union victory in the Civil War in 1865 may have given some 4 million slaves their freedom, but the process of rebuilding the South during the Reconstruction period (1865-1877) introduced a new set of significant challenges. Under the administration of President Andrew Johnson in 1865 and 1866, new southern state legislatures passed restrictive "black codes" to control the labor and behavior of former slaves and other African Americans. Outrage in the North over these codes eroded support for the approach known as Presidential Reconstruction and led to the triumph of the more radical wing o
