Sports and games deserve close philosophical examination since they have always played an important part in human life. We first ask what exactly sports, games and play are, and how they relate to other modes of life. Next, we consider the aesthetic elements of sport and whether sport is a kind of performance. We then consider the widely lauded, but not easily explained, virtue of sportsmanship, and what it implies for the vices of cheating and winning at all costs. We next consider two issues of considerable recent interest in sport: artificial methods of performance enhancement and violence.
