The Hidden Wiring: Unearthing the British Constitution. P Hennessy. Citizens and Subjects. A constitution is usually defined as a body of fundamental principles, rules and conventions according to which a state or other organisation is governed. According to such a definition, Britain has a constitution. Yet, as we shall see, it is notably different from the constitutions of most other democratic countries, principally because it has been uncoded and has traditionally relied upon [Show full abstract] the idea of Parliamentary supremacy. Read more. He co-founded the Institute of Contemporary British History in 1986. From 1992 to 2000, he was professor of contemporary history at Queen Mary and Westfield College, University of London. From 1994 to 1997, he gave public lectures as Professor of Rhetoric at Gresham College, London. From 2001, he has been Attlee professor of contemporary British history at Queen Mary. His analysis of post-war Britain, Never Again: Britain 1945–1951, won the Duff Cooper Prize in 1992 and the NCR Book Award in 1993.
