YA Camazine's 24 chapters offer 24 "organisms or natural phenomena that can be easily observed in the United States at a particular time of year." These include skunk cabbage, bird watching, insect pollination of flowers, chemically-defended invertebrates, and creating a miniature avalanche. The chapters begin with an explanation of the important concepts of the topic, and then provide a carefully-explained activity such as how to clean a skeleton so that the bones can be reassembled.
