WHISKEY VAULTS

FAVOURITES ARE NEVER JUST A ONE TIME THING...

... indulge yourself in your much loved single malt or beloved blend over and over again with the ease of the Whisky Vaults.

Here at the 1269 Bar you can purchase a bottle of your best whisky and keep it safe in a locked vault. It will be kept in your vault, untouched, ready for your next visit. The bar team will keep ice, water, mixers flowing but with the Whisky Vault you are in control. We are committed to making you feel at home and whether you are a regular on business or pleasure what could be more comforting than no queue at the bar, no bill at the end, just you and your bottle as if you got it from your own liquor cabinet.

Lets not kid ourselves, it's never just one after that long day.

Please feel free to ask our staff if you would like to know more about the Whisky Vaults.

.....

Vol 4 is, in my opinion the start of maby the Sabs most talanted Era. Their progression from the more "simple" three first albums to a more progressive sound. Ozzys voice are more "tuned up" and solid, to evolve even more on SBS. Vol. 4 is the fourth studio album by English heavy metal band Black Sabbath, originally released in September 1972. It was the first album by Black Sabbath not produced by RodgerBain; guitarist Tony Iommi assumed production duties. It achieved gold status in less than a month, and was the band's fourth consecutive release to sell one million copies in the United States. UPC: 081227946616. Vol. 4 is the fourth studio album by English heavy metal band Black Sabbath, originally released in September 1972. About Vol. 4 (Black Sabbath) Font. Vol. 4 is the fourth studio album by English rock band Black Sabbath, released in September 1972 through Vertigo Records. Ryan Corey created a font named VolumeFour based on the custom lettering on the cover artwork. The result was a single-weight sans serif with bold and geometric forms and tight spacing. VolumeFour Typeface in Use. In addition to Vol. 4 (Black Sabbath), It seems we can't find other examples (logos, movie posters, album covers etc.) of VolumeFour typeface in use.
