This is contextualized among two other major shifts in global Christianity since its inception in the 1st century: Broadly defined, these periods can be described as follows: First Church: the Eastern church, 0-1000 AD. Second Church: the Western church, 1000-2000 AD. Now, with the help of the Spirit, I would like to speak of the future history of the Church, and do it by means of an example from our past history. ISBN 0-88344-070-9.Â Apostolic succession is the method whereby the ministry of the Christian Church is held to be derived from the apostles by a continuous succession, associated with a claim that the succession is through a series of bishops. This series was seen as that of the bishops of a particular see founded by one or more of the apostles. According to historian Justo L.
