for the field and its long-term priorities and proposes a framework for progress through 2020 and beyond "This hugely successful global history of the twentieth century is written by four prominent international historians for first-year undergraduate level and upward. Using their thematic and regional expertise, the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas. It also covers areas such as: the decline of European hegemony over the international order; the diffusion of power to the two superpowers; and, the course and consequences of the major global conflicts of the twentieth century.

The Twentieth-Century World and Beyond: An International History Since 1900. 6th ed. New York: Oxford University Press, 2011: 1-39 (Prologue: "The Global Context of International Relations at the Beginning of the Twentieth Century"). Questions: What were the main global powers at the beginning of the twentieth century? How would you characterize their relations? Did these relations change over time? How did these powers justify their global domination? Was there an interrelationship between domestic politics and international relations? Why? How was it possible for a few cou

William Keylor, *The Twentieth Century World and Beyond: An International History since 1900* (6th revised edition., New York: Oxford University Press, 2011). Edward H. Judge and John W. The Judge & This hugely successful global history of the twentieth century is written by four prominent international historians for first-year undergraduate level and upward. Using their thematic and regional expertise, the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas. Since the second condition has greater generality in international relations, I test it by focusing on a period when international economic institutionalization was much lower than today: the pre-1914 gold standard system. "The Twentieth Century World is the best single volume survey of international history, and it is even better in this new edition. Clear, comprehensive, and beautifully balance, it has been a consistent favorite among my students. I don't remember any textbook getting the same kind of uniformly enthusiastic reviews."--James Sheehan, Stanford University. "A leading text on international history since 1900, now updated to include more coverage of the non-Western world, NGOs, humans rights, and environmental issues. Judicious, authoritative, and comprehensive, this work is hig

The Twentieth-Century World and Beyond: An International History Since 1900, International Fifth Edition, explores the history of modern relations between the U.S., Europe, Africa, Asia, Latin America, and the Middle East. The book's unique analytical framework-which focuses on the relationships between these countries rather than on their individual histories-helps readers to easily examine how the nations of the world have interacted since the beginning of the last century. Extensively revised in this international fifth edition, The Twentieth-Century World and Beyond reflects the latest
