Preview â€” The Applied Psychology of Work Behavior 5 Psychology Books That Changed The Way We Understood Human Behavior. Change the way you think about human behavior forever by reading through this list of fascinating psychology books. by Sarah Moriarty | Nov 8 2018. Our mind is our greatest asset, but we donâ€™t always know how to use it or fully understand it. In the vast majority of cases, a lot of our mindâ€™s potential remains untapped.Â How do you appear to others? What makes you uniquely fascinating? This eye-opening book unveils the psychology of fascination and how people and businesses can harness it to develop bulletproof brands and sell-out products. One of the 7 triggers of fascination is alarm; we are fascinated by things that threaten or alarm us. This trigger is used often in advertising.
