Essentials for Successful Language Teaching to implement each essential separately, second language educators have made the difficult task of shift or change even more challenging. We now give a brief orientation to CLT and how we should really understand and implement it as a real paradigm shift.Â 1970s, and has now become the driving force that affects the planning, implementation, and evaluation of English Language Teaching (ELT) throughout the world (Richards & Rodgers, 2001). That said, not many English language teachers or second language educators are in agreement or even clear in their own minds as to what exactly CLT is, and there exist as many diverse interpretations as there are language teachers and second language educators.
