The Collapse of History: Reconstructing Old Testament Theology (The title is slightly different on my older edition.) is one of those books which should have had a broader audience. After this guided tour through the methodologies used in Old Testament Theology throughout the decades since World War II, Perdue leaves the reader with his assessment that there needs to be authentic dialogue between all of these approaches. Yet, he asserts that it is not reasonable to have such a dialogue without both historical investigation and linguistic, creative investigation. This preview shows page 3 - 5 out of 11 pages. With the publication of *The Collapse of History: Reconstructing Old Testament Theology* (Overtures to Biblical Theology; Fortress Press, 1994), Leo Perdue established himself as the primary chronicler of contemporary scholarship in Old Testament theology in the English-speaking world. (See also Walter Brueggemann, *Theology of the Old Testament: Testimony, Dispute, Advocacy* Fortress Press, 1997, 61-114.) Perdue, in that book, traced the demise of the hegemonic influence of Walther Eichrodt and Gerhard von Rad in the Old Testament Theology is the branch of Biblical theology that seeks theological insight within the Old Testament or Hebrew Bible. It explores past and present theological concepts as they pertain to God and God's relationship with creation. While the field started out as a Christian endeavor written mostly by men and aimed to provide an objective knowledge of early revelation, in the twentieth century it became informed by other voices and views, including those of feminist and Jewish scholars, which
