The other was from religious private schools, such as those run by the Society of Sisters of the Holy Names of Jesus and Mary, which were concerned about the right of parents to send their children to parochial schools. West virginia state board of ED. v. barnette. A major study of the question: which strategy was more likely to equalize educational opportunities for poor minority students-compensatory education or racial integration? Coleman's federally funded analysis, titled Equality of Educational Opportunity, concluded, first, that racial integration did little to boost academic achievement in urban schools. The sociology of education is the study of how public institutions and individual experiences affect education and its outcomes. It is mostly concerned with the public schooling systems of modern industrial societies, including the expansion of higher, further, adult, and continuing education. Education is seen as a fundamentally optimistic human endeavour characterised by aspirations for progress and betterment. It is understood by many to be a means of overcoming handicaps, achieving greater
