Apple. Linking Development Assessment and Early Interventions: Curriculum Based Prescriptions 2nd Edition. by Bagnato (Author). Be the first to review this item. Curriculum-Based Assessment Methods. Early learners present with skills across many domains and along a broad continuum. It is fitting that curriculum-based assessment methods are structured in a similar manner, sampling from various domains of skill development and arranging skills in a progressive fashion. A main focus when using curriculum-based assessment methods is to identify the skills that a child currently has in his or her repertoire and potential barriers to learning. Clinicians use this information to select skills to target for instruction. Curriculum-based assessment methods can
