While the craftsmen obviously do most of the carving with hand tools "no machine exists that can cut those kinds of stepped mortises" some commenters on the video erroneously believe they use only hand tools. But watch that last video and pay close attention, at 2:34, to the lower edge of the screen: You can see the mortise bears the clear marks of having been initially hogged out with a Forstner bit. That's really the only indication I see that these men are mortals. Via Sploid. Hand Tools. Rain Noe. Rain Noe is a writer and industrial designer based in New York City. 7 Comments. Miguel La... The Takenaka Carpentry Tools Museum is a museum of carpentry tools in Kobe, Japan.[1] The museum was opened in 1984 with the objective of collecting and conserving ancient tools as an example of Japanese cultural heritage, in order to pass them on to the next generation through research and exhibitions.[2]. More than 30,500 pieces of materials have been collected so far, and the museum has held exhibitions, lectures, seminars, classes outside of the museum, and workshops on the people who make use of the tools, as well as the resulting architecture and the culture of wood that surrounds it.[3]...Â William Howard Coaldrake, *The Way of the Carpenter: Tools and Japanese Architecture*, 1990, Weatherhill, ISBN 978-0-8348-0231-5. "The author, the first Westerner to be initiated into a traditional carpentry guild, begins by illuminating the significance of the "way" of the art and craft of carpentry in Japan, revealing the religious rituals that surround the carpenter's tools and the building process as well as the secret traditions and the trade's transmission from master to disciple over the centuries. He discusses the organization of the carpenters' guilds, the apprenticeship system, and the divisions of labor and specialization within the profession. He reviews the materials of Japanes... *The Way of the Carpenter: Tools and Japanese Architecture*. Author: William H. Coaldrake. Publisher: Weatherhill; 1st ed edition (October 1991).
