exploitation on a grand scale. on human rights, transitional justice, counter-terrorism and conflict-resolution When
the Great Powers launched the First Scramble for Africa, the

A well-known French journalist and specialist on guerrilla insurgencies takes on Africa. Surveying the continent's crises (most saliently the Horn, which he covered in the late 1970s), he theorizes about the Soviet Union's indirect strategy of gaining access by "filling vacuums." Though scanty on specifics and decidedly dated (the original edition was published in French in 1980), the book provides an interesting European perspective on America's dilemmas in Africa (perhaps more in tune with 1980 than now), suggesting that with excessive reliance on the nuclear umbrella
