This article introduces the historical waves of Latin American regionalism in order to discuss the theories applied to account for, and frequently advocate, regional integration. The aim is twofold: on the one hand, to assess the capacity to ... To illustrate, in the United States, in 2007, the foreign-born population represented 12.6% of the U.S. population, that is, 38.1 million people who were 53.6% from Latin America, 26.8% from Asia, and 13.1% from Europe. " Originally published as *The Attack on Leviathan*, this eloquent volume is an attack on state centralism and an affirmation of regional identity. Davidson's work is a special sort of intellectual as well as social history. It reveals an extraordinary mastery of the literature on regionalism in the United States, with special emphasis on the work on Rupert Vance and Howard Odum in the social sciences. Davidson looks at regionalism in arts, literature, and education. He favors agriculture over industrialization, and "the hinterland" over cities, examining along the
