A lot of analisis are limited by their strict economic or environmental point of view. They only propose a narrow analisis of this global phenomenon. In this text, we present an other way to observe the sense of tourism. What does it mean to be a tourist ? What does it mean for a place and a society to become touristic? It appears that [Show full abstract] tourism is a key to understand the characteristics and the evolutions of the European society at the beginning of the XXIst century: as a human way of inhabit the world.
