Hegre et al. 1427 East 60th Street, Chicago, IL 60637. Rolling Thunder: Understanding Policy and Program Failure. April 1981 Â· The American Historical Review. Henry F. Graff.Â The relationship between theories of knowledge-based problem solving and application-level programs is not well understood. The traditional view has been that given some knowledge-based systems theory, a successful application program built following the theory provides strong support for the theory. This viewpoint fails largely because the link between theory and application is totally through
