Mindfulness techniques will help you focus on the present, changing the way you think, feel and act by releasing your mind of all that is around you. As a result, you will de-stress and de-clutter your thoughts. I.Â As a result, you will de-stress and de-clutter your thoughts. In this invaluable book is a collection of inspirational quotes, key research findings, tips for how to get the most out of the practice and a variety of short activities. It can be opened at any page to help you center and balance your mind in a few quick and easy steps. Type: Hard Cover. The little book of mindfulness. 0 ways to bring mindfulness into your day. Editorâ€™s note.Â Then slow down the exhalation to help trigger the relaxation response. Extending the breath in this way sends a message to the parasympathetic nervous system (the system that opposes the stress response) to calm down the body, which helps you think more clearly and feel more relaxed.Â Global research shows that mindfulness meditation can be helpful in managing stress, building resilience and increasing focus and concentration. Learning the skills to be more in the present moment ensures that you can live a more fulfilled, enriched life and literally â€œstop to smell the rosesâ€ in our busy, tech filled world. Tiddy Rowan. More and more of us are suffering from the stresses and strains of modern life. Mindfulness is an increasingly popular discipline that can not only help alleviate the symptoms of stress, anxiety and depression brought on by the pressures of our daily existence but can actually bring calm, joy and happiness into our lives. In The Little Book of Mindfulness Tiddy Rowan, herself a practitioner for over 30 years, has gathered together a seminal collection of over 150 techniques, tips, exercises, advice and guided meditations that will enable people at every level to follow the breath,
