Manuscripts submitted to the Journal should be sent, in triplicate, to the Editorial Office at P. O. Box 2071, Princeton, N. J. 08540. They should conform to the revised "Instructions to Authors" available from Society Headquarters. Manuscripts so submitted, as well as papers presented before a National technical meeting, become the property of the Society and may not be published elsewhere in whole or in part without written permission of the Society. Address such requests to the Editor.

The Electrochemical Society does not maintain a supply of reprints of papers appearing in its Journal. A photoprint copy of any particular paper may be obtained from University Microfilms, 300 North Zeeb Road, Ann Arbor, Michigan 48106.

Inquiries regarding positive microfilm copies of volumes should be addressed to University Microfilms, Inc., 300 N. Zeeb St., Ann Arbor, Mich. 48106.

Walter J. Johnson, Inc., 111 Fifth Ave., New York, N. Y., 10003, have reprint rights to out-of-print volumes of the Journal, and also have available for sale back volumes and single issues, with the exception of the current calendar year. Anyone interested in securing back copies should correspond directly with them.

Published monthly by The Electrochemical Society, Inc., at 215 Canal St., Manchester, N. H.; Executive Offices, Editorial Office, and Circulation Dept., and Advertising Office at P. O. Box 2071, Princeton, N. J. 08540, combining the JOURNAL and TRANSACTIONS OF THE ELECTROCHEMICAL SOCIETY. Statements and Opinions given in articles and papers in the JOURNAL OF THE ELECTROCHEMICAL SOCIETY are those of the contributors, and The Electrochemical Society assumes no responsibility for them.

Claims for missing numbers will not be allowed if received more than 60 days from date of mailing plus time normally required for postal delivery of JOURNAL and claim. No claims allowed because of failure to notify the Circulation Dept., The Electrochemical Society, P. O. Box 2071, Princeton, N. J., 08540, of a change of address, or because copy is "missing from files." Subscription to members as part of membership service; subscription to non-members \$40.00 plus \$3.00 for postage outside U.S. and Canada. Single copies \$2.50 to members, \$4.00 to nonmembers. © 1972 by The Electrochemical Society, Inc. Second Class Postage Paid at Princeton, New Jersey, and at additional mailing offices. Printed in U.S.A.

Publisher. Electrochemical Society, Inc. Publication type. Journals. 1969-1970, 1972-ongoing. Scope. The Journal of The Electrochemical Society (JES) is the leader in the field of solid-state and electrochemical science and technology. This peer-reviewed journal publishes an average of 450 pages of 70 articles each month. Articles are posted online, with a monthly paper edition following electronic publication. The Electrochemical Society is a learned society (professional association) based in the United States that supports scientific inquiry in the field of electrochemistry and solid-state science and technology. The society membership comprises more than 8,000 scientists and engineers in over 70 countries worldwide who hold individual membership, as well as roughly 100 corporations and laboratories that hold corporate membership. The Journal of The Electrochemical Society (JES) is the leader in the field of solid-state and electrochemical science and technology. Papers are selected by a prestigious editorial board and cover the following areas: Batteries and Energy Conversion, Corrosion, Passivation, and Anodic Films, Electrochemical/Chemical Deposition and Etching, Electrochemical Synthesis and Engineering, Physical and Analytical Electrochemistry, Dielectric Science and Materials
