to the religious cycles of fasts and feasts, food deeply structured the life experiences of medieval people at all .

A feast was a big occasion on the manor. There was no tableware, only knives and finger to get food. Soup was drunk right out of the bowl as was any type of stew. Meals were quite messy affairs. Some places used napkins and some didn't. However, no one really knew how to prepare and handle food properly. No one washed up before meals. Peasants hardly ever washed. There is a book that purports to tell all about the customs and manners of the middle ages. It is called *The Babees Book*. *The Babees Book*. Medieval cuisine includes foods, eating habits, and cooking methods of various European cultures during the Middle Ages, which lasted from the fifth to the fifteenth century. During this period, diets and cooking changed less than they did in the early modern period that followed, when those changes helped lay the foundations for modern European cuisine. Cereals remained the most important staple during the early Middle Ages as rice was introduced late, and the potato was only introduced in 1536, with
