At the same time they renew the crime fiction genre and particularly the feminist crime novel in which female agency is identical with the agency of the detective. View. Show abstract. In this case study (set up to research constructions of femininity and feminism in crime fiction), masculinity emerged as an issue because of nagging doubts about the interaction between interviewers and interviewees. Doubts and irritation led to reflection on issues of class, and then masculinity and on how to lay two old ghosts: the fear of being paternalistic in overinterpreting what informants say as an expression of their deepest being rather than as the discursive material that is produced in interview situations; and the fear of conflating audience interpretations with what a researcher Messent, Peter B. *Criminal Proceedings: the contemporary American crime novel*.
