We'll be in touch soon. [London] Times Higher Education Supplement. To Great Britain in the seventeenth century, and then to the fledgling United States, no problem was more urgent than how to divide authority between local powers and the governing central power. In this book the noted colonial historian Jack P. Greene traces the search for solutions. The Oxford History of the British Empire Vol. I: The Origins of Empire, ed. Oxford, UK, and New York: Oxford University Press. Lawson, Gary, and Seidman, Guy. 2004. The Constitution of Empire: Territorial Expansion and American Legal History.

Greene even takes it a step further in his final chapter to discuss the evolution of this thinking once America was established, leading us all the way up to another military confrontation that dealt with the very same issue in the middle of the 19th Century. It's dry at first, but it's short and there is a ton of great history jam packed into such a tiny manuscript. A must-own book for students of The Revolution, highly recommended for all other historians, and certainly worth checking out for the avid reader.
