Building Thinking Skills Book 3 Verbal with Answers | Main photo (Cover). Find this Pin and more on 4 middle school math by tanara16. Tags. Critical thinking skills are incredibly important as we move through the world, take upper-level classes, and create our own reasoned arguments. Practice analyzing a variety of arguments in this court as you learn about fact & opinion, ambiguity & descriptions, valid & invalid arguments, arguments based on claims, categorical syllogisms, inductive arguments, and informal fallacies.

"The [Building Thinking Skills®] verbal and figural skills books have been invaluable. The lesson plans and activities ordered according to difficulty made it possible for our instructors to link an assessment to a prescribed curriculum tailored for each student. Students don't get bored or discouraged when they are presented work which matches their ability level." - Stacey Hunter Schwartz, Ph.D., Assoc. Dean.
