[After School Activities](#)

By : **Julie J Williams**

"If children came with their own set of instructions, parenting would be a whole lot easier." Since there aren't instruction manuals for kids and no two children are alike, parents have to wing it as they go along. This can create some incredible memories and make the job the toughest one a person will ever have. Engaging children in activities they love can be one of the most frustrating challenges facing parents today. Ask many parents and they will readily admit they have no idea what to do with their children once school is out, the homework is done and the chores have all been completed. The problem becomes even more troublesome during vacations and especially during that long stretch of summer. This book examines the difference between productive activities that engage kids & the ones that do not! Through this book you will discover where to find fun, educational projects that interest children of all ages.

[Living, Loving and Laughing with Asperger's \(52 Tips, Stories and Inspirational Ideas for Parents of Children with Asperger's\) Volume 1](#)

By : **Dave Angel**

Looking for inspiration as the parent of a child with Asperger's? Well I've been helping parents of children with Asperger's since 2006. And one thing I've noticed is the need for hope and positivity.

As day to day life raising a child with Asperger's can often be tough. And whilst there's lots and lots of "how to . . ." books. Dealing with all aspects of Asperger's like school problems . . . meltdowns . . . sensory issues . . . social skills . . . sibling relationships . . . and more (I've even written a number of them myself). There are few books offering inspiration and hope. Over the past 18 months I've been sending a daily email message (5 days per week) to 1000's of parents of children with Asperger's around the world. These messages are positive (at times humorous) and full of practical day to day "survival tips" for parents. They are almost always short little real life stories. As I believe stories are one of the best ways to communicate with people. They can inspire and add light into otherwise dark corners. Think about your life growing up for a second. I bet you loved stories as kids - and learned so much from them. So I've taken some of the most popular short stories/tips I've written (as judged by parents who've read them) and produced this book. I've also added some tips and stories that were shared by parents of children with Asperger's themselves. And for the sake of symmetry there's 52 tips/stories in total (you know one for every week!): 26 parenting tips/stories from me. 19 tips from other parents. 7 real life stories from other parents. I really hope you enjoy this book: *Living, Loving and Laughing with Asperger's (52 Tips, Stories and Inspirational Ideas for Parents of Children with Asperger's) Volume 1*

[Vikthetsen](#)

Min pappa var som stigen ur ett avsnitt av *Mad Men*. Faktiskt var han nästan som en kopia av Don Draper eller Roger Sterling. Smart, rolig, slagfärdig och halvgalen. Ständigt med en cigg i mungipan och ett whiskyglas i näven. Men när jag blev tonåring var det förtvivlat svårt att försöka leva upp till pappas 60-talsfärgade idealbild av en kvinna. Jag höll på att utplåna mig själv... Så börjar en av mina berättelser om *Vikthetsen*. I den här boken har jag samlat 19 stycken som jag har skrivit genom åren.

Muchos creyentes han perdido el derecho a las bendiciones y a los beneficios que les pertenecen por no tener la bendición del Padre. El fundamento de la herencia espiritual en el Reino de Dios es la relación de padre a hijo, y viceversa. El ímpetu, el impulso de vivir en posesión de la herencia y no en busca de ella es el mensaje de este libro. Este libro es una viva demostración de Malaquías 4: 5 - 6.

The Tuileries Palace in Paris was originally built in the mid-16th century, was gradually expanded by numerous monarchs and ultimately destroyed by fire in an 1871 uprising. It had been a Paris residence of many of the French monarchs from Henry IV to Napoleon III and eventually displayed an immense facade nearly 900 feet long, which stretched to the western end of the Louvre. This volume offers an insider's perspective on life at the palace during the Second Empire under Napoleon III.

[Unseen-Unheard: Straight Spouses from Trauma to Transformation](#)

By : **Amity Pierce Buxton & R. L. Pinely**

When presumably heterosexual spouses turn out to be gay, lesbian, bisexual, or transgender, the unexpected revelation overshadows its devastating impact on their straight wives and husbands. *Unseen-Unheard* opens the window on their remarkable journeys from trauma to transformation. What would you do if your husband said he'd fallen in love with a man or thinks he might be gay or bisexual, or you discovered your wife's texts, photos, or emails indicating she has a female lover and wonders if she might be lesbian or bisexual? Well, this happens, a shattering reality that at least two million men and women have faced and tried to understand and accept, even as we were unseen and our voices unheard. Who are we? We are husbands and wives left behind when our spouses came out or after we discovered they were gay, lesbian, bisexual, or transgender. Shocked and paralyzed,

swirling in the devastating wake of our beloveds' revelation, we had to pick up unrecognizable pieces of our former lives and try to reconfigure them without much outside support, recognition, or understanding of the depth of the crisis. Yes, straight spouses typically cope alone with unique issues of sexuality, betrayal, and broken belief systems. Slowly, we redefine ourselves, create new lives, affirm the joy of living, and reap life's infinite possibilities. We invite you to walk with us and experience our journey from the first desperate cries of discovery or disclosure to insights and wisdom gained as we resolve our issues and transform our lives. As you observe and listen, we hope you will embrace the courage, creativity, and resilience of our strength, which we didn't know we had, yet was so powerful that lifelong habits were broken and we uniquely and marvelously became who we were meant to be.

People often get married because it just "feels right." In the early stages of dating, and even of marriage, you see the other person coming, and you get butterflies in your stomach. Romance is at its peak, and you know the feeling of being "in love." This is evident when we are told to love our enemies (Luke 6:35). True love is possible only when we allow the Holy Spirit to work through us, cultivating the fruit of our salvation (Galatians 5:22-23). It is a decision we make on a daily basis to die to ourselves and our selfishness, and to let God shine through us. Paul tells us how to love others in 1 Corinthians 13:4-7: "Love is patient, love is kind. It does not envy, it does not boast, it is not proud. If you feel something is not right, then it's probably not. He wants you to get the divorce so he can view you as the one who ended it so he doesn't have to feel so bad about what he has done. I wouldn't have had lawyer send a letter to the other woman, unless you knew that she did not know that he was married. Most of the time the "other woman" does know, then I think both your husband and the other woman are both to blame. Using the letter in a divorce case will get you nowhere except paying your lawyer more money. Unless you are trying to get a large monetary settlement
