Good Practice Report: Participatory Citizenship in the European Union. ISBN 9780854329397. 2. 2.1.2 Engagement in decision making In this section the good practices presented are those which have an explicit emphasis on directly engaging citizens in political decision making processes. These types of activities support citizen participation and encourage deeper involvement in political life. Map based problem management " Problemlandkarte Citizens can post problems or suggestions for town improvements on an interactive map. This enables the local administration to pinpoint and improve their activities through citizen assisted detection of precise Global Positioning System (GPS) coordinates.
