The intentionalist critics prepare the ground for a theory of literary discourse considered as a speech act, since it is known that the concept of intention is central to the analysis of speech acts. Such a theory of literary discourse should not overlook the role played by criticism in expanding the meaning of a text, and should go beyond a narrow definition of interpretation as the identification of the author's intention. Discover the world's research. This article begins with a critique of the traditional technical-empiricist approach to policy analysis in which official documents issued by agencies of the state are interpreted as expressions of political intention, that is as proposed courses of action to be discussed by the public before being implemented as official policy. Attacks on the objective view of literary interpretation, whether intentionalist or nonintentionalist, have taken a variety of forms and have been launched with a number of challenging arguments. There have been defenses of "pluralism" in a fairly loose sense that seems to imply the charitable admission of various critical methods and approaches (see Walter Davis, *The Act of Interpretation*); insofar as these methods answer different questions, I see no problem; but when incompatible answers are given to the same question (Is Wordsworth's poem pantheistic -- yes or no?). *The Act of Interpretation: A Critique of Literary Reason*. Chicago: Chicago University Press, 1978. Dutton, Denis. As a theorist and critic of literature, Davis has been associated with the 'Chicago School' of R. S. Crane and Wayne C. Booth,[3] but Davis's work shows him to be an engaged critic of these critics.[4] His first book, *The Act of Interpretation: A Critique of Literary Reason*, published by The University of Chicago Press in 1978, stages a series of interpretations of William Faulkner's *The Bear* as a simultaneous demonstration and critique of critical pluralism. Non-fiction[edit]. *The Act of Interpretation: A Critique of Literary Reason*. Chicago: University of Chicago Press, 1978. *Inwardness and Existence: Subjectivity in/and Hegel, Heidegger, Marx, and Freud*.

Categories. operations, in the act of close textual interpretation" (P- D- 142 Philosophy and Literature These are heady claims with which to begin a critique of literary reason; unfortunately they remain only that. In a manner characteristic of so much recent metacritical speculation, Davis offers little argument in support of them. Much of his book is given over to discussion that does little to advance the claims with which he began. Davis spends a full one-fifth of the book sketching what, following Richard McKeon, are proposed as the four distinct modes of human thought, though little subsequent John Reichert, "The Act of Interpretation: A Critique of Literary Reason. Walter A. Davis," *Modern Philology* 78, no. 1 (Aug., 1980): 113-116. <https://doi.org/10.1086/391020>. MOST READ. Spivak, a prominent literary theorist based at Columbia University, is widely known for her sophisticated deconstructive approach to questions of feminism, North-South relations, and the politics of subaltern studies. This book is based on a number of her published essays, including the influential 1988 article "Can the Subaltern Speak?" Spivak focuses on the relationship of debates in philosophy, history, and literature to the emergence of a postcolonial problematic. Overall, she seeks to distance herself from mainstream postcolonial literature and to reassert the value of earlier t...
A Critique of Postcolonial Reason is almost above all else self-conscious, self-aware, self-deprecating. The Act of Interpretation book. Read reviews from world's largest community for readers.

The intentionalist critics prepare the ground for a theory of literary discourse considered as a speech act, since it is known that the concept of intention is central to the analysis of speech acts. Such a theory of literary discourse should not overlook the role played by criticism in expanding the meaning of a text, and should go beyond a narrow definition of interpretation as the identification of the author's intention. Discover the world's research.Â This paper is concerned with fictional communication, as the act of an author in relation to a reader. Fictional discourse exhibits certain complexities that are not observable in other forms of discourse.Â One reason can be found in the lack of physical, face-to-face co-presence of both ends of media communication: author and spectator.
