United Nations peacekeepers have been sent around the world for nearly five decades to help war-weary people maintain cease-fires, implement force separations, and, most recently, make transitions to democracy. Half of those missions have begun since the end of the Cold War and have helped make the UN headline news. The Evolution of UN Peacekeeping is the first comprehensive post-Cold War assessment of this important tool of conflict containment, its recent, rapid growth and development, the factors that make it work, and the new pressures that place the whole concept at risk.
