

The Greatness of the Kingdom: An Inductive Study of the Kingdom of God

Alva J. McClain

This classic penetrating analysis of the Kingdom of God as taught in both the Old and New Testaments has been republished in a handsome hardback dust jacket edition. Throughout *The Greatness of the Kingdom*, Alva McClain builds a substantial exegetical argument for a premillennial understanding of the Kingdom of God. The 556-page masterwork was written by the founding president of Grace Theological Seminary, who was a member of the Scofield Reference Bible Revision Committee as well as a charter member of the Evangelical Theological Society.

Many students in Brazil are reading the arguments against McClain without the benefit of having read the original work. And the amazing thing is that over fifty-five years after it was originally published, it stands up pretty good. Dr. McClain was a very lucid and precise writer. It's time to have this book in Portuguese.
