The civilization of Ancient Egypt is known for its stupendous achievements in a whole range of fields, including art and architecture, engineering, medicine and statecraft. Its great buildings on the banks of the River still strike awe into those who see them. The civilization of Ancient Egypt was one of the earliest in world history. It is usually held to have begun around 3000 BCE, when the lower Nile Valley became unified under a single ruler. At this date the only other people in the world to have a literate, urban civilization were in Mesopotamia. How does Ancient Egypt fit into the wider Egyptian Civilization. Starting around 5500 BCE two major kingdoms developed along the Nile. Historians call them Upper Egypt and Lower Egypt. Around 3200 BCE, Egypt was brought together under one ruler, King Narmer (sometimes called Menes). This is recognized as the beginning of the Egyptian civilization. Roman control of Egypt was the beginning of the end of Ancient Egyptian culture. Rome controlled Egypt for several centuries until Arab Muslims from the Middle East (Southwest Asia) took control. They discouraged the old Egyptian culture and many Egyptians converted to Islam. Over 700 years of foreign control of Egypt, the traditions faded away the language was forgotten, and sand covered up many of the temples. Today Egypt's culture is completely different.
