Feminist Economics is a peer-reviewed journal that provides an open forum for dialogue and debate about feminist economic perspectives. By opening new areas of economic inquiry, welcoming diverse voices, and encouraging critical exchanges, the journal enlarges and enriches economic discourse. The goal of Feminist Economics is not just to develop more illuminating theories, but to improve the conditions of living for all children, women, and men. Feminist Economics has become, with remarkable speed, a leading journal in economics, vastly enriching the understanding of important economic issues. *Women and Economics: a New Zealand Feminist Perspective*, Wellington: Bridget Williams Books.
