Community, a subject that lies at the heart of dozens of social initiatives and academic endeavors, has at last been explored in a resource large enough to encompass its variety and complexity. The Encyclopedia of Community: From the Village to the Virtual World is the creation of a global team, led by senior academic editor Karen Christensen of Berkshire Publishing Group, of nearly 400 scholars and professionals. The encyclopedia captures the fullness of our deep and contradictory responses to community, drawing on the work of historians, sociologists, anthropologists, town planners, and experts. Title: Encyclopedia of Community: From the Village to the Virtual World.

Authors: [Christensen, Karen](#)
[David, Levinson](#)

Keywords: Community;Encyclopedia;Virtual World;Village

Issue Date: 2003

Publisher: SAGE Publications, Inc

Abstract: Sage Reference is very pleased to announce the Encyclopedia of Community, a major reference work that summarizes everything we know about how we humans come together. Community itself is a concept, an experience, and a central part of being human. The encyclopedia covers communities of the past and present, from 19th century utopians, to the communes of the 1960's, to today's Rotary Club, Amish, and cyber communities. Developed by award winning editors Karen Christensen and David Levinson with a board of leading scholars, the Encyclopedia of Community is essential for history, sociology, psychology, anthropology, economics, and public administration students and the interested public, who will turn to the encyclopedia for inspiration and illumination, stories and strategies.

Encyclopedia of Community book. Read reviews from world's largest community for readers. Sage Reference is very pleased to announce the Encyclopedia of Community, a major reference work that summarizes everything we know about how we humans come together. Community itself is a concept, an experience, and a central part of being human. The encyclopedia covers communities of the past and present, from 19th century utopians, to the communes of the 1960's, to Sage Reference is very pleased to announce the Encyclopedia of Community, a major reference work that summarizes everything we know about how we humans come together. The Encyclopedia of Community focuses on the hard-to-define concept of community and works to explore and position that concept within many disciplines and contexts. Entries such as Apartheid, Blogs, County fairs, Eugenics, Gangs, Shtetls, Social Darwinism, and Third places display the wide scope that the editors and contributors give to the notion of community. "With every passing minute, it becomes more and more apparent that our world is one community. The Encyclopedia of Community serves as recognition of this trend and as a needed resource. The four-volume set not only explains the emerging buzz words of community such as 'social capital' or 'civic engagement' but also tells many stories of community institutions that work, such as public libraries."

SAGE Publications is proud to announce the Encyclopedia of Community, a major reference work that summarizes the many fascinating and important concepts of a global topic. Community itself is a concept, an experience, and a central part of being human.
